

BILL CREATING NEW EMPIRE IS RATIFIED BY ROMAN DEPUTIES

Government Pushes Plans for Economic Development of Ethiopia

Rome, May 14.—(P)—The chamber of deputies clamorously and unanimously ratified the bill creating an Italian empire in the presence of Premier Mussolini and his entire government Thursday.

The regimented deputies were uniformed in black shirts. Watching the vote from the diplomatic gallery was Baron Pompeo Aloisi, head of the Italian delegation to the League of Nations, who had just returned from Geneva.

Inventor Proves His Claim Death Ray Machine Works

San Francisco, May 14.—(P)—Henry Fleur's death ray machine worked. The scene was a courtroom where Fleur was on trial Wednesday on grand theft charges. Two investigators claimed the device wouldn't kill insects and other pests as the inventor had claimed.

Fleur brought out the machine as his defense. It hummed and sparkled. Its beam was projected toward a couple of termites 10 feet away. In 35 seconds they were dead. A lizard died in four minutes. A snake died

a new empire based on the conquest of Ethiopia without comment. The government, at the same time, pursued an examination of plans for economic development of the "Ethiopian colony," of which King Victor Emmanuel was proclaimed emperor last Saturday.

While Marshal Pietro Badoglio sent

8½ minutes after the beam had been turned upon it.

The jury took only four minutes to bring in a verdict acquitting the inventor.

Asked if the machine could be developed to kill human beings, Fleur replied it could, with sufficient power, but added emphatically: "I don't intend to do any experimenting along that line."

The inventor said he hopes his machine eventually will be found or practical use in killing orchard and agricultural pests.

scouting parties into southern and western Ethiopian sections, the ministry of colonies studied suggestions from industrial and commercial organizations for exploiting the resources of occupied regions of the empire.

'QUADS' CONTINUE IN GOOD CONDITION

Measured for First Time, Two Gain Half Ounce, Others Hold Their Own

Pasaic, N. J., May 14.—(P)—The Kasper quadruplets were measured Thursday for the first time in their six days of life.

The big event followed the daily weighing which showed two of the quads have gained half an ounce in the preceding 24 hours, while the others held their own.

Unchanged were Frances, at 3 pounds, 10 ounces, and Frank at 3 pounds 4 ounces. The gainers were Felix, now 2 pounds 15 ounces, and Ferdinand now 3 pounds 8½ ounces.

Length Chest Head
Frances 18½ inches 10½ 11½
Frank 15½ 10 11½
Felix 15½ 10 11
Ferdinand 17 10½ 11½

Dr. Jani said the quads had a good night and continued in good condition.

Mayor Benjamin F. Turner disclosed that it was the 32-year-old Dr. Jani who induced him to become business manager for the tiny but lusty-lunged quartet. Dr. Jani stood by the bedside as Emil Kasper and his 36-year-old wife signed the power of attorney for the mayor.

Turner said one firm, which has paid \$50,000 to the Dionne quintuplets, is now negotiating with him for the right to feature the Kasper quadruplets in its advertising.

A newspaper contract and a free-will gift of \$500 down and \$100 a month from a California woman have already showered on the babies more prosperity than their father, with two other children has ever known.

Congress' Stormy Petrel Finds Out What Independence Riots Are Like

San Juan, Puerto Rico, May 14.—(P)—Rep. Marion Zioncheck and his

bride flew off to the Virgin Islands Thursday while Puerto Rican national guardsmen rallied against student disorders such as troubled the honeymooning congressman's visit.

After watching students striking and demonstrating for independence, and calling for naval and marine protection, the Washington representative concluded his brief but eventful stay here late Wednesday, leaving with Mrs. Zioncheck for St. Thomas.

Forsoaking the automobile in which he had become involved in collisions with a truck and a gate, the con-

gressman and his young wife departed in a marine plane.

Gov. Blanton Winship issued a proclamation assuring order and safety for all schools and urging parents to accompany their children to classes "to be satisfied and convinced that the assurances offered them are real."

The national guard was ordered, with police, to watch all schools after nationalist students called strikes and tossed stones Tuesday night and Wednesday in support of their campaign for independence from the United States.
